DISCLAIMER

The information in this document is descriptive and does not constitute an irrevocable contract between students and Chaminade University. Chaminade University reserves the right to make changes to the course schedule contents that it deems necessary or desirable.

Registration & Academic Policies

Registration Deadlines	Dates
Registration Begins	Monday, March 5, 2018
Last Day to Request Army Tuition Assistance	Thursday, April 5, 2018
First Day of Term	Monday, April 9, 2018
Tuition Payment Deadline	Monday, April 9, 2018
Last Day to Register	Monday, April 16, 2018
Add/Drop Period Ends	Monday, April 16, 2018
Last Day to Withdraw from 10 Week Course	Tuesday, May 29, 2018
Last Day to Apply for Credit/No Credit	Tuesday, May 29, 2018
Last Day of Term	Monday, June 18, 2018

Holidays (No Class, Offices Closed)	Dates
Memorial Day	Monday, May 28, 2018

Registration

All outstanding financial accounts with Chaminade must be cleared before registration will be accepted. Please make sure that your daytime telephone number and contact information are updated in your CUH student portal. Registration will be accepted at any site for all classes (refer to page with specific times and days under Locations and Advisors). Tuberculosis clearance is necessary for registration. All students born after 1957 are also required to show proof of immunization for measles, mumps, and rubella (MMR). All civilian students who wish to take ground courses on base must register early and request a base pass at least two weeks before classes begin.

Tuition & Fees

Tuition must be paid in full prior to the start of the term, or student must be enrolled in a payment plan. If payment is not received, the student will be unenrolled. Military tuition assistance, veterans' benefits or financial aid is considered payment. Fees are payable at the time of registration and are non-refundable once the term begins (reference table below).

It is the policy of Chaminade University to report all students with outstanding balances to the Credit Bureau beginning when charges are 120 days past due and continuing until the balance is paid in full. Collection costs on referred accounts are the responsibility of the student. To enroll in the Tuition Payment plan, please go to www.chaminade.edu/tuition-payments-and-billing. If you have any questions, please contact the Business Office at (808) 735-4768.

Tuition	Cost per Credit (effective July 1, 2017)
Regular Tuition	\$450
Active Duty Military Tuition	\$260
Non-Active Duty Military Tuition	\$380
Bank of Hawaii Tuition	\$380

Fees	Cost	Category
Technology Fee	\$93.00 per course	Online Course
Science Lab Fee	\$60.00 per course	Ground Course
Hybrid Fee	\$40.00 per course	Online/Ground Course
Observation & Participation (O&P) Fee	\$55.00 per O&P course	Education Majors
Graduation Fee	\$210.00	Single Degree

Military Tuition Eligibility

Valid military ID card holders with Active Duty, National Guard, and Reservist status may qualify for the Active Duty Military Tuition. Valid military ID card holders with DoD Civilian Employee, Military Dependent, Retired, or Veteran status may qualify for the Non-Active Duty Military Tuition. Dependents of DoD Civilian Employees are not eligible.

Day Undergraduate Students Taking PACE Courses

Any student registering for the Fall and Winter sessions, taking 12 semester hours of course work in a combination of day and evening classes, will be classified as a full-time day student. The student will be charged the full-time day undergraduate rate plus fees. Any semester hours over 19 will be charged per credit hour.

Family Discount

Chaminade University offers a 10% tuition discount to concurrently enrolled students of the same family in the Professional and Continuing Education's Undergraduate Program. Family members of military students who are charged the military tuition rate may not receive the family discount. Please check with an advisor for eligibility when registering.

Military Tuition Assistance

All Military Tuition Assistance (TA) will only cover the actual cost of tuition up to \$250 per semester hour. Students may not use TA to cover the cost of any supporting instructional fees (i.e. online course fee or lab fees). Any costs or fees outside of tuition are entirely student funded.

PACE Undergraduate Students using Army Tuition Assistance (Army TA) must submit registration, add/drop, or withdrawal requests through the GoArmyEd website. Please note the following critical information: PACE Undergraduate students must request Army TA by the Thursday prior to the start of the term. The GoArmyEd (GAE) system is set-up to process requests in the Eastern Standard time zone (EST). Requests made by students in the Hawaii Standard time zone (HST) must be made by 11 a.m. HST in order for their request to be processed that day in GAE by 5 p.m. EST.

Withdrawals

The instructor may withdraw students who miss two consecutive weeks of class, prior to the withdrawal deadline. Withdrawals are only effective for tuition refunds when initiated by the student during the refund period and in accordance with the appropriate refund schedule. The student must obtain written permission from the instructor to be re-enrolled in a class from which the student has been withdrawn. A re-enrollment fee is also charged to the student's account.

Only when the student presents written evidence such as military orders, a doctor's statement, or other reasonable justifying documentation for post-deadline withdrawal will the request be approved. Withdrawal forms may be obtained from an advisor at the various sites. Students in the Professional and Continuing Education's Undergraduate Program may withdraw without record until the Wednesday of Week 3 of a 10 week term. In the case of undergraduate courses of other lengths, the last date of withdrawal will be set at the corresponding point of the term, which occurs when the course is approximately 25% complete. Withdrawal from a course after the last day of withdrawal without record will be noted as a W on a student's transcript.

If a student officially withdraws from a course (through the Records Office), whether or not the student attends class, a refund of tuition will be made in accordance with the following:

Withdrawal Period	Deadline (4:30 PM, HST)	Tuition Refund
Withdrawal prior to the first day of instruction	Sunday, April 8, 2018	100%
Withdrawal during Add/Drop Period	Monday, April 16, 2018	100%
Withdrawal during the second week of instruction	Monday, April 23, 2018	25%
Withdrawal No Record (will not appear on transcript)	Wednesday, April 25, 2018	No refund
Last Day to Withdraw	Tuesday, May 29, 2018	No refund

All fees and costs outside of tuition are non-refundable once the term begins.

Transcript Requests

Submit your request to the Records Office using the Transcript Request Form or online eSCRIP-SAFE processing system. Electronic delivery, mail and in-person pick-up options are available. Visit: www.chaminade.edu/registrar/transcripts for more information.

Official transcripts will not be processed on behalf of students who have any financial obligation to Chaminade University. Students who wish to request an unofficial transcript may do so by completing a Transcript Request Form, or by downloading their unofficial transcript from the Portal. When requesting delivery by mail, be sure to include sufficient postal time. An additional 4-5 days each way should be allotted for mail to and from the U.S. Mainland.

General Information and Academic Policies

Harassment and discrimination are specifically prohibited by state and federal law and any instance of harassment or discrimination may result in both civil and criminal liability on the part of the individual harasser as well as the University. Specifically, the University is committed to comply with the Title VI and Title VII of the Civil Rights Act of 1964, as amended, Title IX of the 1972 Education Amendments, the Equal Pay Act of 1963, Executive Order 11246, as amended the Age Discrimination Act of 1975, titles VII and VIII of the Public Health Services Act, as amended the Rehabilitation Act of 1973, the Equal Opportunities Employment Act of 1972, the Vietnam Era Veteran's Assistance of 1974, the Americans with Disabilities Act of 1990 and Hawaii Revised Statutes, Chapters 76, 78, and 378. The designated Title IX coordinator is Christine Denton, Executive Director for Compliance and Personnel Services; Clarence T.C. Ching Hall, Room 4; (808) 739-8597. For the full treatment of the Chaminade discrimination and harassment policy see the University Policy Manual Volume III Section 3.1.3.

Financial Obligations

Students who have not satisfied their financial obligations (including tuition, fees, fines, etc.) will not be allowed to register for classes, participate in graduation ceremonies, or receive diplomas or transcripts. If you have questions regarding your account, please contact the Business Office at (808) 735-4768.

Information Provided by Chaminade University

Per the University Catalog: "The student is responsible for knowing the information presented in the Chaminade University Catalog, course schedules, and Student Handbook, and for observing all regulations and procedures relating to the program being pursued. In no case will a regulation be waived or an exception granted because a student pleads ignorance of, or contends that s/he was not informed of the regulations or procedures. Responsibility for following all policies and meeting all requirements and deadlines for graduation rests with the student."

University Catalog: <http://www.chaminade.edu/catalog/>

Use of Student Email

Per the Student Handbook: "All students are assigned Chaminade email addresses. Important University information will be sent to your Chaminade email account; it is your (the student's) responsibility to check your email frequently. You may forward your email to a different address, but you are still responsible for reading it."

Student Handbook: <http://www.chaminade.edu/student-handbook>

Dean of Students

The Dean of Students is available to meet with PACE students concerning student affairs. Please call (808) 735-4710 for an appointment.

Student Support Services

Student Support Services offers a variety of free services and programs that set a course for success throughout your academic career at Chaminade. To make an appointment with the Student Support Services Office, call (808) 735-4724. Services include:

- One-on-one tutorials in all course content areas
- Study skills workshops
- Scholarship search assistance

- Cultural events
- Career Services
- Graduate School Preparations (808-735-4770)

Military Base Security & Parking

All students must contact the site office at minimum 14 days prior to the start of the term to request a pass. Non-military students wishing to attend Chaminade University classes held on military bases are welcome on a space-available basis, subject to a background check and approval from Base Authority in the form of a base pass for each base site. Students should register early and must contact the appropriate site office to submit a pass request 14 days prior to the start of the term.

Students enrolled at multiple base sites are required to obtain a pass for each base site. Late pass requests will not be accepted. Access to some military bases may not be possible due to increased security conditions. Students are reminded they are guests on all military sites and are required to conform to all base rules and regulations while there. Seat belts must be worn at all times, speed limits and any other restrictions must be obeyed. Motorcycle and moped operators and passengers must wear a helmet and reflective vest.

Academic Calendar: 2017 – 2018

A complete list of university events can be found at: events.chaminade.edu.

May 2017

Date	Event
29, Monday	Memorial Day observed holiday for DUG/PACE Undergraduate classes; offices closed
29, Monday	PACE Summer UG/GR Program registration begins
30, Tuesday	PACE Spring UG/GR deadline to Withdraw from classes. Withdrawal requests must be submitted by 4:30 p.m. (close of business)

June 2017

Date	Event
12, Monday	Kamehameha Day; on-campus offices closed
17, Saturday	PACE Spring GR Program ends
19, Monday	PACE Spring UG Program ends

July 2017

Date	Event
3, Monday	PACE Summer UG/GR Program begins
4, Tuesday	4th of July holiday for Day/PACE Undergraduate classes (no classes; offices closed)
11, Tuesday	PACE Summer UG/GR Program registration ends
19, Wednesday	PACE Summer UG deadline to Withdraw without Record (WNR). Withdrawal requests must be submitted by 4:30 p.m. (close of business)

August 2017

Date	Event
21, Monday	PACE Summer UG/GR deadline to Withdraw from classes. Withdrawal requests must be submitted by 4:30 p.m. (close of business)
28, Monday	PACE Fall UG/GR Program registration begins

September 2017

Date	Event
4, Monday	Labor Day holiday for DUG/PACE Undergraduate (no classes; offices closed)
9, Saturday	PACE Summer Graduate Programs end
12, Tuesday	PACE Summer Undergraduate Programs end
15, Friday	Deadline to submit Petition for DECEMBER 2017 Graduation

October 2017

Date	Event
2, Monday	PACE Fall UG/GR Program begins
9, Monday	Discoverer's Day holiday for DUG/PACE Undergraduate (no classes; offices closed)
10, Tuesday	PACE Fall UG/GR Program registration ends
18, Wednesday	PACE Fall UG deadline to Withdraw without Record (WNR). Withdrawal requests must be submitted by 4:30 p.m. (close of business)

November 2017

Date	Event
10, Friday	Veterans' Day; offices closed
20, Monday	PACE Fall UG/GR deadline to Withdraw from classes. Withdrawal requests must be submitted by 4:30 p.m. (close of business)
23, Thursday	Thanksgiving holiday for PACE UG/GR classes; offices closed
23-24 Thursday – Friday	Thanksgiving Recess; on-campus offices closed

December 2017

Date	Event
4, Monday	PACE Winter UG/GR Program registration begins
11, Monday	PACE Fall Graduate Program ends
13, Wednesday	PACE Fall Undergraduate Program ends
17, Sunday	Baccalaureate Service and Awards Ceremony to follow
18, Monday	Fall Commencement
22, Friday	Christmas Eve holiday observed (offices closed @ 12:00 noon)
25, Monday	Christmas Day (offices closed)
29, Friday	New Year's Eve holiday observed (offices closed @ 12:00 noon)

January 2018

Date	Event
1, Monday	New Year's Day (offices closed)
8, Monday	PACE Winter UG/GR Programs begin
15, Monday	Fr. Chaminade/Martin Luther King Day holiday for DUG/PACE Undergraduate classes; offices closed
16, Tuesday	PACE Winter UG/GR Program registration ends
24, Wednesday	Marianist Founders' Day Mass 11:30am (on-campus offices closed from 11:30 - 1:30pm)
24, Wednesday	PACE Winter UG deadline to Withdraw without Record (WNR). Withdrawal requests must be submitted by 4:30 p.m. (close of business)

February 2018

Date	Event
9, Friday	Deadline to submit Petition for MAY 2018 Graduation
14, Wednesday	Ash Wednesday Lenten Service at 12:30 pm (on-campus offices closed from 12:30 - 1:30 pm)
19, Monday	Presidents' Day holiday for DUG/PACE Undergraduate classes; offices closed
26, Monday	PACE Winter UG/GR deadline to Withdraw from classes. Withdrawal requests must be submitted by 4:30 p.m. (close of business)

March 2018

Date	Event
5, Monday	PACE Spring UG/GR Program registration begins
17, Saturday	PACE Winter Graduate Programs end
20, Tuesday	PACE Winter Undergraduate Programs end

Course Descriptions

All course descriptions are derived from the Undergraduate Catalog in the current academic year at www.chaminade.edu. Some of the course descriptions below have been modified to omit information that pertains only to Day Undergraduate courses. EN 102 and COM 101 are prerequisites for all upper division courses.

Accounting

AC 201 Principles of Accounting I (3)

Accounting is often called the language of business. This course introduces students to the accounting cycle and the terminology of accounting through application of procedures used to classify, record, and interpret business transactions and prepare financial statements. Topics include the principles and procedures for valuing assets and measuring income. The focus of this course and AC 202 is to provide fundamental accounting skills and knowledge to prepare students for advanced courses in business and accounting. *Prerequisite: MA 103.*

AC 362 Legal and Ethical Issues in Business (3)

This course is designed to provide students with an understanding of the legal and ethical issues business decision makers face in determining appropriate policies and actions. Focus is given to the effect of decisions on stakeholders including employees, customers, investors, and society. Topics include application of moral philosophies to common business dilemmas, professional codes of ethics, and elements of business law including contracts, the Uniform Commercial code, and agency. As part of this class students will have the option to participate in activities that integrate meaningful business-related service to the community with course learning. Service-Learning Course. Cross-listed with BU 362.

Anthropology

AN 340 Contemporary Peoples of Hawai'i (3)

This course is designed to assist the student in developing an appreciation for the cultural diversity of contemporary Hawai'i. This includes increased knowledge of the historical and contemporary inter-group dynamics that allow for multiethnic co-existence. Topics will include: the unique mixing process that melds different ethnic groups into a new and distinctive local culture; the stereotyping process and its operational impact on interpersonal relations; conflicting cultural value systems; and the process of adaptation and adjustment. Fulfills Global Awareness course requirement.

Art

AR 101 Introduction to the Visual Arts (3)

General survey of major art styles and media, exploring the nature of visual art and its expressions. Lectures with slide presentations and some studio work. Recommended for non-majors to fulfill general education requirements. This course fulfills the Fine Arts general education requirement.

Biology

BI 101 General Biology (3)

Overview of basic biological principles, human concerns of overpopulation, environmental pollution, genetic engineering. Fulfills the General Education science requirement for non-science majors when taken with BI101L. Concurrent registration in BI 101L is necessary for lab science credit.

BI 101L General Biology Lab (1)

One three-hour laboratory period per week to accompany BI 101. Laboratory work and field trips related to lecture topics.

BI 131 Human Nutrition (3)

An introduction to basic concepts and current research in nutrition. The nature and roles of nutrients, nutrient requirements throughout the human life cycle, diseases resulting from over and under nutrition, food safety, and food sources. Fulfills the General Education science requirement for non-science majors when taken with BI 131L. Concurrent registration in BI 131L is required.

BI 131L Human Nutrition Laboratory (1)

One three-hour laboratory period per week to accompany BI 131. Survey of methodology and instrumentation involved in the analysis and evaluation of foods, their nutritional value, and diets.

Business

BU 200 Introduction to Business (3)

This course provides a survey of business functions, principles, and practices; managerial tools for analysis; people's behavior in organizations; practical applications in problem solving and decision-making. The course is designed for students interested in careers in organizations and for those intending to major or minor in business.

BU 324 Quantitative Methods in Business (3)

Each of the business disciplines uses quantitative information in its planning, operations, and performance evaluation. This course introduces students to a variety of methods and tools for using quantitative data effectively: linear programming, Bayes Decision Rules, forecasting, multiple regression, network models, utility measures and inventory models. *Prerequisites: MA 103 and BU 224.*

BU 362 Legal and Ethical Issues in Business (3)

This course is designed to provide students with an understanding of the legal and ethical issues business decision makers face in determining appropriate policies and actions. Focus is given to the effect of decisions on stakeholders including employees, customers, investors, and society. Topics include application of moral philosophies to common business dilemmas, professional codes of ethics, and elements of business law including contracts, the Uniform Commercial code, and agency. As part of this class students will have the option to participate in activities that integrate meaningful business-related service to the community with course learning. Service-Learning Course. Cross-listed with AC 362.

Communication**COM 101 Introduction to Communication (3)**

Introduction to major forms of communication. Activities for students to learn effective communication skills for two-person, small groups and public situations. Examination and application of basic principles of message development for personal and public speech.

COM 310 Intercultural Communication (3)

Major concepts in the study of communication with people from different cultural backgrounds. Values, beliefs, expectations, customs and attitudes of various ethnic groups are studied to facilitate communication across cultural boundaries. Fulfills Global Awareness course requirement.

Criminology and Criminal Justice**CJ 151 Criminal Justice Systems (3)**

Overview of criminal justice systems, processes, and personnel. Roles and relationships of various law enforcement agencies, court systems, and corrections agencies. This course provides competencies to meet the program outcome to allow students to demonstrate an understanding of practical knowledge regarding the inherent complexities and day-to-day operations of the American justice system. Open to non-majors.

CJ 201 Foundations in Criminology (3)

The study of crime; nature, types, causation theories, crime statistics, criminal law, the victim, punishment and crime prevention. This course provides competencies to meet the program outcome to allow students to demonstrate an understanding of issues of race and ethnicity, gender and social class and the need to understand social causes of crime. Open to non-majors.

CJ 220 Criminal Investigation (3)

Crime scene investigation. Collection and preservation of evidence. Admissibility of evidence, interrogations, and confessions. This course provides competencies to meet the program outcome to allow students to demonstrate an understanding of integrating concepts of forensic science, and prosecutorial law in criminal investigation instruction. Open to non-majors.

CJ 223 Introduction to Law (3)

The study of the American legal system and various subject areas of law. Areas include: criminal law, criminal procedure, contracts, property, torts, business and family law. This course provides competencies to meet the program outcome to allow students to demonstrate an understanding of learning the basic rights guaranteed to each individual by both state and federal constitutions and laws. Open to non-majors.

CJ 270 Supervision and Management (3)

Study of the major theories of management, organizing, motivation and leadership, and decision-making as applied to criminal justice personnel. This course provides competencies to meet the program outcome to allow students to demonstrate an understanding of a model of criminal justice management theory and practice, stressing conceptual, methodological and contextual knowledge development and application. Open to non-majors.

CJ 291 Juvenile Justice System (3)

Components of the juvenile justice system and the processing of the juvenile through the system; rights of the juvenile; criminological theories relevant to juvenile delinquency and criminal behaviors. This course provides competencies to meet the program outcome to allow students to demonstrate an understanding of learning the basic rights guaranteed to each individual by both state and federal constitutions and laws. Open to non-majors.

CJ 315 Behavioral Sciences Statistics (3)

Introduction to the methods and rules for organizing and interpreting observations; descriptive and inferential statistics, including frequency distributions, hypothesis testing, simple analysis of variance, estimation, and Chi-Square. Cross-listed with PSY 315.

CJ 375 Contemporary Issues in Criminal Justice (3)

An examination of issues currently faced by the criminal justice system focusing upon contemporary issues which are projected to have a major impact upon the quality of life for the community and the ability of the criminal justice system to provide services to the community. This course provides competencies to meet the program outcome to allow students to demonstrate an understanding of learning the basic rights guaranteed to each individual by both state and federal constitutions and laws. *Prerequisite: CJ 151 or CJ 201.*

CJ 423 Criminal Law (3)

Concepts of criminal law including elements, parties, liabilities and defenses. Constitutional limitations on police power and the administrative process of law enforcement. This course provides competencies to meet the program outcome to allow students to demonstrate an understanding of practical knowledge regarding the inherent complexities of the American criminal justice system. *Prerequisites: CJ 151 and CJ 223.*

CJ 424 Criminal Procedures (3)

The pre-trial and trial rights of the criminal defendant and society, including discussions of the law of arrest, search and seizure, confessions, identification procedures, self-incrimination, and right to counsel. This course provides competencies to meet the program outcome to allow students to demonstrate an understanding of practical knowledge regarding the inherent complexities of the American criminal justice system. *Prerequisites: CJ 151 and CJ 223.*

CJ 432 Law Enforcement (3)

An examination of significant and controversial criminal justice topics involving law enforcement agencies, primarily the police; clarifying, interpreting, and identifying the role of discretion in the system. This course provides competencies to meet the program outcome to allow students to demonstrate an understanding of learning the basic rights guaranteed to each individual by both state and federal constitutions and laws. *Prerequisite: CJ 151.*

CJ 451 Corrections: Prisons and Community Alternatives (3)

Analysis of trends in the functions and administration of institutions and community-based corrections programs; and processing of the convicted offender. This course provides competencies to meet the program outcome to allow students to demonstrate an understanding of learning the basic rights guaranteed to each individual by both state and federal constitutions and laws. *Prerequisite: CJ 151 or CJ 201.*

CJ 490 Seminar in Criminal Justice Agencies (3)

This is a criminal justice capstone course. Students will complete an array of assignments that integrate contemporary knowledge and understanding of criminal justice agencies with course work completed in the major. As an integral part of the capstone experience, students will complete an exit assessment instrument. *Prerequisites: CJ major, CJ/PSY 315 or concurrent enrolment, and senior standing (completion of 90 credit hours).*

CJ 491 Juvenile Deviancy and Juvenile Justice (3)

Patterns of deviancy in youths, with particular emphasis on roles and relationships of the family, school, and peer groups; theories of causation and influence of middle-class culture on deviance. This course provides competencies to meet the program outcome to allow students to demonstrate an understanding of learning the basic rights guaranteed to each individual by both state and federal constitutions and laws. Cross-listed with SO 491. *Prerequisite: CJ 291.*

Economics**EC 202 Principles of Microeconomics (3)**

Analysis of the functioning of firms within a market economy and how the market system allocates scarce resources; basics of supply and demand; theory of pricing under competition, monopoly, and imperfect competition; government interference in the market system; and international trade. Service-Learning Course. *Prerequisite: MA 103 or equivalent.*

Education**ED 215 Music, Art, and Creative Movement in Early Childhood Education (3)**

Focus is on the support of the young child's development of a sense of rhythm through the use of appropriate songs and games. Creative use of the body in space will be explored. Students will learn how to support young children's creative expression by exploring various developmentally appropriate media. Materials fee. Includes a field-based service learning component.

ED 323 Elementary Math Methods II (3)

This course provides an overview and applications of best practice mathematics instructional approaches, strategies, techniques, and assessment methods. Math concepts for students in grades 3 through 6 are explored using hands-on and problem solving approaches. Required: 8 hours of O&P. *Prerequisite: ED 220, ED 221, and ED 322.*

ED 326 Exceptional Children (3)

Overview of categories of students served in special education including intellectual disabilities, developmental delay, specific learning disabled, emotional and behaviorally disturbed, autism, speech and language impaired, visually impaired, deaf and hearing impaired, other health impairment, multiple disabilities, orthopedic impairment, deaf blindness, and traumatic brain injury. Special education eligibility and related services are reviewed. In addition, exceptional children such as English Language Learners, students with attention deficit disorder and gifted, creative, and talented are discussed. Includes a field-based service learning component. *Prerequisites: ED 220 and ED 221.*

ED 408 Assessment (3)

This course examines classroom assessment as a critical component in improving learning and instruction. The course provides educators with the knowledge, dispositions, and performance skills to design assessments which include the diverse needs of individual learners. *Prerequisites: ED 220 and ED 326. Additional prerequisites for Elementary Education majors: ED 320, ED 321, ED 322, ED 323, ED 324, and ED 325.*

ED 420 Integrated Curriculum (3)

This course provides an examination of the broad aims of education through the inquiry approach on the sciences, including physical science, botany, zoology, earth elements, geography, and history. Emphasis is on writing a science-based curriculum that unfolds throughout all the content areas and that is developmentally and culturally appropriate, and on preparing learning center materials. Current research is examined. Required: 10 hours of O&P. *Prerequisites: ED 220, ED 320, ED 321, ED 322, ED 323, ED 324, ED 325, and ED 326.*

ED 421 Literature of Adolescents (3)

This course provides an introduction to adolescents and their literature. Other topics include young adult literature, the teacher's role in working with books and young readers, and an overview of adolescent literature throughout history.

ED 433 Developmentally Appropriate Practice I (3)

This course presents age appropriate practices for Early Childhood Education. The content of the course spans the development of Early Childhood as well as teaching strategies that are appropriate to each age and stage of development. Teaching modalities and approaches are used in conjunction with developmentally appropriate materials, research-based practices, and literature. *Prerequisites: ED 215, ED 217, and ED 233.*

ED 471 Language Arts: Curriculum and Methods (3)

This course includes philosophy and rationale for the teaching of Language Arts to young children. Focus is on the developing language skills with young children. These include how to develop a language rich environment at the early childhood level. Topics include oral language, pre-reading activities, and writing activities. *Prerequisites: ED 215, ED 217, and ED 233.*

English**EN 101 Introduction to Expository Writing (3)**

Instruction and practice in writing, editing, and revising short narrative and expository essays. The course instructs the basics of organization and clear expression and use of Standard Edited American English.

EN 102 Expository Writing (3)

Instruction and practice in writing short-to-medium-length expository essays and in writing from sources. Skills required for research and research writing are emphasized, such as summarizing, paraphrasing, quoting, evaluating, and synthesizing. The course includes instruction and practice in writing a multi-source research paper of substantial length. *Prerequisite: EN 101 or placement by exam. NOTE: Twitter/Instagram accounts required for Prof. Carlson's EN-102-90-2 online class.*

EN 201 Types of Literature (3)

Introduction to the study of literature through reading, discussion, and written analysis of major works ranging from ancient to contemporary. The course includes exemplary works from all major genre and diverse cultures. *Prerequisite: EN 102.*

EN 307 Nature Writing (3)

This is an advanced, interdisciplinary writing course focusing on environmental themes. Nature Writing centers on reading and writing non-fiction, including journals, letters and essays. Authors figuring prominently in the course include Henry David Thoreau, John Muir, Aldo Leopold, Rachel Carson, Annie Dillard, and Gary Snyder. Fulfills interdisciplinary course requirement.

EN 314 Backgrounds in American Literature (3)

Foundational study of representative American literature from the 17th century to the present. Required for English majors. *Prerequisite: Any 200-level English offering.*

Finance**FIN 301 Principles of Finance (3)**

This course introduces the role of financial management in the operation of a business. The focus of the course is on understanding the issues and choices involved in maximizing the results of financial decisions. Topics include time value of money, equity valuation, capital budgeting, risk assessment, and capital markets. *Prerequisite: AC 201.*

Geography**GE 102 World Regional Geography (3)**

The purpose of this course is to provide a spatial approach to understanding the complexities of the contemporary human experience around the world. The course examines how social and physical factors that have led to contemporary regional patterns. This course meets the Behavioral Science student learning outcomes: 1) the scientific method and its application; 2) human and cultural diversity; 3) social and individual dynamics; 4) the relationship between the self and the group.

History**HI 151 World Civilizations I (3)**

A multicultural approach to studying the world's early civilizations, it examines their political, social, economic and cultural evolutions. It focuses on the lives, work and service of Confucius, the Buddha, Jesus Christ, Mohammed and other individuals who made meaningful impacts on the moral ethical development of humankind. Along with historical knowledge, the course emphasizes the development of reading, writing, speaking, cognitive and collaborative skills crucial to success in college and beyond.

HI 152 World Civilizations II (3)

A multicultural approach to studying the world's modern civilizations, it examines their political, social, economic and cultural evolutions. It focuses on modern moral and ethical dilemmas such as the colonization of peoples, world wars, genocide programs, women's rights and the ecological consequences of industrialization. Along with historical knowledge, the course emphasizes the development of reading, writing, speaking, cognitive and collaborative skills crucial to success in college and beyond.

HI 201 America through Civil War (3)

Starting with the convergence of European, African and Native American cultures in the sixteenth century, this course studies the multicultural history of the United States through its civil war. It focuses on the lives, work and service of Thomas Jefferson, Tecumseh, Harriet Tubman and other individuals who made meaningful impacts on the moral and ethical development of the nation. Along with historical knowledge, the course emphasizes the development of reading, writing, speaking, cognitive and collaborative skills crucial to success in college and beyond.

HI 202 America since Civil War (3)

A study of the political, social, economic and cultural history of the United States since its Civil War. It focuses on the moral and ethical dilemmas associated with immigration, industrialization, economic depressions, world wars, the Cold War, the rights of women, African Americans, Native Americans, and other groups. Along with historical knowledge the course emphasizes the development of reading, writing, speaking, cognitive and collaborative skills crucial to success in college and beyond.

HI 322 Medieval Life and Thought (3)

This course integrates the perspectives of history and religion into the study of medieval Europe (ca. 500 to 1500 A.D.). Religious history combines insight into the nature of religious experiences and structures with a proper understanding of their political, economic, and social setting. Fulfills interdisciplinary course requirement. Cross-listed with RE 322. *Prerequisite: Any 100 or 200 level history course and any 100 or 200 religion course.*

HI 324 Modern Europe (3)

Europe from 1815 to the present gained global hegemony and then lost it after World War II. Analyzes developments leading to the world wars and the Cold War, the rise of the European Common Market, and the collapse of communist regimes in Eastern Europe. Fulfills interdisciplinary course requirement. Cross-listed with POL 324. *Prerequisite: Any 100 or 200 level history or political science course.*

HI 341 Vietnam War (3)

This course examines why the United States went to war in the jungles of Southeast Asia that few Americans knew anything about. Students will examine the nature of the war itself, the tactics and strategies applied by both sides to the conflict, and experiences of soldiers on both sides. Central to the war effort, the home fronts held the keys to success or failure for both sides. Along with historical and political knowledge, the course emphasized the development of reading, writing, speaking, cognitive and collaborative skills. Cross-listed with POL 341. *Prerequisite: Any 100 or 200 level history or political science course.*

HI 402 U.S. Constitution II (3)

Examines the evolution of civil liberties in the United States, including free speech, religious liberties, rights of the accused and the right to privacy. Cross-Listed with POL 402. *Prerequisite: Any 100 or 200 level history or political science course.*

HI 442 Modern China (3)

Examines China's internal and external struggles in the modern world. Including the rise and fall of the China dynasty, the Nationalist period, the civil war and communist rule. Fulfills either interdisciplinary or global awareness requirement. Cross-listed with POL 442. *Prerequisite: any 100 or 200 level history or political science course.*

HI 494 Research Seminar (3)

This is a capstone course that explores the core principles and methodologies of historical and political studies. It also monitors the students' career preparation. In this course, the student will conduct research in history and political science (learning outcome 4). Utilizing this research, the student will write a research paper and present it in class (learning outcome 4). The research paper written by the student will incorporate the following principles and methodologies: understanding change, continuity and causality (learning outcome 1), comprehension of the workings of politics and governance (learning outcome 2), awareness of perspectives and interpretations (learning outcome 3). During the course, the instructor will review the progress of each student in preparing for his or her career (learning outcome 5). *Prerequisites: Students must be in their junior or senior year; will complete a minimum of 18 credits of the major in the semester they enroll in HI/POL 494; and have the permission of the discipline coordinator to enroll in this course.*

Management**MGT 301 Organizational Behavior (3)**

This course introduces students to the fundamental issues in managing individuals and groups in organizations. Students will explore opportunities to apply course learning in their own organizational settings and to understand their personal theories of people at work. Topics include personality, culture, motivation, power, communication, decision-making, and group dynamics. *Prerequisite: BU 200.*

MGT 306 Management Human Resources (3)

This course provides an introduction to the field of human resource management. Students learn the implications of organizational behavior theory for the design of HR practices that facilitate employee performance and success. Topics include recruitment and selection, socialization, training and development, performance appraisal, compensation and benefits, and the strategic use of HR in organizational operations. *Prerequisite: BU 200.*

MGT 407 Operations Management (3)

This course examines how organizations manage the transformation of resources and materials into the goods and services they provide. Topics include operations strategies and procedures; production; quality management; productivity; location, layout, and capacity; and operations planning and scheduling. *Prerequisites: AC 201, EC 202, BU 324, and FIN 301.*

Mathematics

MA 100 Quantitative Reasoning and Mathematical Skills (3)

A study of various topics including an introduction to sets, logic, number systems, basic skills in algebra and geometry, consumer mathematics, probability and statistics, with an emphasis on problem solving, quantitative and logical thinking. This course fulfills the Track A general education requirement in mathematics. **NOTE: The use of an outside digital subscription is required for Prof. Trevorrow's MA-100-90-2 online class.**

MA 102 Introductory Algebra (3)

Introductory algebra. Real numbers and their basic properties, polynomials, factoring, rational expressions, simple radicals expressions, square roots and cube roots, lines and linear equations, inequalities, systems of linear equations, and applications of equations (word problems). Credits not applicable towards the general education requirement in mathematics for any degree.

MA 103 College Algebra (3)

Algebra knowledge and skills for college studies: Sets and real number system; exponents and polynomials, rational and radical equations, and systems of equations; introductions to analytic geometry and functions; exponential and logarithmic functions; the binomial theorem and integer functions. Fulfills Track B general education requirement in mathematics. MA 103 may be used as a preparative course for the pre-calculus/calculus sequence required for degrees with upper division math requirements, such as biology, forensic sciences and biochemistry. Not open to students with credits in MA 110, MA 210, or other higher numbered mathematics courses. *Prerequisite: MA 102 or placement.*

MA 305 Mathematics for Elementary Teachers II (3)

This course provides prospective elementary education majors with a deeper and more comprehensive understanding of the fundamental concepts underlying the mathematics taught in grades K through 8. Guided by NCTM Principles and Standards, this course focuses on the big ideas of geometry, measurement, data analysis, and probability and statistics. This course fulfills an upper division elective requirement in mathematics for Elementary Education majors. *Prerequisites: MA 105.*

Performing Arts

PAR 100 Introduction to Performing Arts (3)

The student will explore the content, history, and meaning of the performing arts, styles, genres in western and world music and theatre. Students will be introduced to critical reviews and the difference between what we like and what is good music and theatre. Finally, students will be introduced to a variety of performances and the importance of the arts in society and the quality of life one leads. This course satisfies the Fine Arts/Performing Arts general education requirement.

PAR 201 Introduction to Motion Pictures (3)

A study of the aesthetic and technical aspects of motion pictures, with emphasis on the film making elements. Includes viewing, scriptwriting, and critiquing. This course satisfies the Fine Arts general education requirement.

Philosophy

PH 100 Introduction to Philosophy (3)

A study of the nature of philosophical thought and methods by examining actual examples from a selection of classical Greek, medieval Christian, and modern European philosophers. Students will develop an understanding of the ways in which western culture functions.

PH 105 Ethics (3)

The study of the concepts of good and bad, right and wrong, has a long history. This course will study the origins and legitimacy of our standards of conduct and character and will discuss modern studies which consider the compelling and unconditional overtones of ethical demands. The course will also discuss the ways in which we talk to children and young people about what is right and wrong.

PH 338 Religion, Philosophy and Social Ethics (3)

Designed to give students an interdisciplinary experience in the study of social ethics from the perspectives of theology, religion and philosophy. Students will explore the theory and practice of social ethics and develop the knowledge and skills for philosophical and theological critique of ethical systems and social policy. Cross-listed with SO 338 and RE 338. This course may be used to satisfy the 300-level Religious Studies General Education Core requirement or the interdisciplinary requirement. *Prerequisite: any 100 or 200 level Religion course, any 100 level Philosophy course, or consent of instructor.*

Political Science

POL 324 Modern Europe (3)

Europe from 1815 to the present gained global hegemony and then lost it after World War II. Analyzes developments leading to the world wars and the Cold War, the rise of the European Common Market, and the collapse of communist regimes in Eastern Europe. Fulfills interdisciplinary course requirement. Cross-listed with HI 324. *Prerequisite: Any 100 or 200 level history or political science course.*

POL 341 Vietnam War (3)

This course examines why the United States went to war in the jungles of Southeast Asia that few Americans knew anything about. Students will examine the nature of the war itself, the tactics and strategies applied by both sides to the conflict, and experiences of soldiers on both sides. Central to the war effort, the home fronts held the keys to success or failure for both sides. Along with historical and political knowledge, the course emphasized the development of reading, writing, speaking, cognitive and collaborative skills. Cross-listed with HI 341. *Prerequisite: Any 100 or 200 level history or political science course.*

POL 402 U.S. Constitution II (3)

Examines the evolution of civil liberties in the United States, including free speech, religious liberties, rights of the accused and the right to privacy. Cross-Listed with HI 402. *Prerequisite: Any 100 or 200 level history or political science course.*

POL 442 Modern China (3)

Examines China's internal and external struggles in the modern world. Including the rise and fall of the China dynasty, the Nationalist period, the civil war and communist rule. Fulfills either interdisciplinary or global awareness requirement. Cross-listed with HI 442. *Prerequisite: any 100 or 200 level history or political science course.*

POL 494 Research Seminar (3)

This is a capstone course that explores the core principles and methodologies of historical and political studies. It also monitors the students' career preparation. In this course, the student will conduct research in history and political science (learning outcome 4). Utilizing this research, the student will write a research paper and present it in class (learning outcome 4). The research paper written by the student will incorporate the following principles and methodologies: understanding change, continuity and causality (learning outcome 1), comprehension of the workings of politics and governance (learning outcome 2), awareness of perspectives and interpretations (learning outcome 3). During the course, the instructor will review the progress of each student in preparing for his or her career (learning outcome 5). *Prerequisites: Students must be in their junior or senior year; will complete a minimum of 18 credits of the major in the semester they enroll in HI/POL 494; and have the permission of the discipline coordinator to enroll in this course.*

Psychology**PSY 101 General Psychology (3)**

Survey of the major theories and concepts in the study of behavior. Introduction to the psychological aspects of sensory processes, normal and abnormal development, learning, drives, emotions and social behavior.

PSY 200 Life Span Development (3)

This course is a beginning developmental Psychology course to introduce students to biosocial, cognitive, and psychosocial issues of the life span. The course focuses on growth and development beginning with conception and following the unfolding life through death/dying at the end of the life cycle. *Prerequisite: PSY 101.*

PSY 304 The Psychology of Adolescence (3)

Psychology investigation of developmental factors in the crucial period of adolescence and analysis of youth problems in contemporary society. *Prerequisite: PSY 101.*

PSY 315 Behavioral Sciences Statistics (3)

Introduction to the methods and rules for organizing and interpreting observations; descriptive and inferential statistics, including frequency distributions, hypothesis testing, simple analysis of variance, estimation, and Chi-Square. Cross-listed with CJ 315. *Prerequisite: PSY 101.*

PSY 316 Research Methods in Psychology (3)

Introduction to quantitative and qualitative research methodology and design; the research process; measurement; sampling; ethics in social research (to include consideration of culture and ethnicity); survey, experimental and field research. As one of the requirements for this course, students will complete a research study and paper. *Prerequisite: PSY 315.*

PSY 321 Psychology of Personality (3)

This course reviews multiple perspectives of personality, including psychodynamics, trait behavioral, cognitive, and phenomenological approaches. *Prerequisite: PSY 101.*

PSY 322 Social Psychology (3)

This course examines the impact of social interaction on how we think, feel, and behave. The course explores interpersonal relations, social attitudes, group dynamics, inter-group relations, class and cultural influences. *Prerequisite: PSY 101.*

PSY 406 Counseling Psychology (3)

Counseling approaches and techniques used in helping relationships. The course combines experiential and didactic instruction, giving the student an opportunity to explore helping strategies and develop a philosophy of counseling. *Prerequisites: PSY 101 and PSY 321.*

PSY 424 Abnormal Psychology (3)

Study of the development, treatment, and prevention of psychological disorders. Presentation of the dynamics of abnormal behavior from a biological, psychological, and socio-cultural context. Current research and assessment tools will also be covered. *Prerequisite: PSY 101.*

PSY 434 Organizational Psychology (3)

The subfield of Psychology that deals with work in commercial and industrial settings. Areas covered include job morale, satisfaction, organizational effectiveness, growth, and change. The field covers the individual worker plus the worker in a group setting. *Prerequisite: PSY 101.*

PSY 436 Cross-Cultural Psychology (3)

This course will provide an overview of the field of cross-cultural Psychology and examine theories of Psychology, which claim to be universal in scope. The student will learn how psychological problems and conditions vary across cultures and that the Western view of Psychology should not necessarily be taken as the norm. Fulfills Global Awareness course requirement. *Prerequisite: PSY 101.*

PSY 451 Health and Stress Psychology (3)

This field of Psychology deals with the relationship between psychological states, social contexts, and physical reactions. The course will examine the relationship between Psychology and health exploring such topics as stress, illness, exercise, nutrition, sleep, coping skills, relaxation, social support, and life-style changes. The focus of the course will be on stress management, adaptation to change, and preventative Psychology. *Prerequisite: PSY 101.*

PSY 455 Positive Psychology (3)

This course provides an in-depth overview of the rapidly growing field of positive Psychology. Positive Psychology is a scientific approach to maximizing human potential, well-being, and happiness. The course focuses on the psychological aspects of a fulfilling and flourishing life. Human resiliency, optimism, self-esteem, empathy, friendship, love, creativity, spirituality, humor, stress management, coping, human strengths, positive outcomes, resources, wellness and positive contexts/institutions are all central to the field of positive Psychology. The domain of positive Psychology will also be examined from Daoist, Confucian, and Buddhist perspectives. *Prerequisite: PSY 101.*

PSY 464 Evolutionary Psychology (3)

This course focuses on the application of Darwinian and cognitive Psychology principles of evolution to the domain of Psychology. It will examine how psychological processes have evolved to assist the individual to adapt to the environment. *Prerequisite: PH 100, PSY 101, or RE 103.*

PSY 480 Special Topics: Sports Psychology (3)

This course will provide an overview of the field of sports psychology. Through active participation and the use of discussion, videos, activities, student presentations, and reading, students will have the opportunity to fully explore the exciting field of sports psychology. *Prerequisite: PSY 101.*

PSY 490 Senior Seminar in Psychology (3)

This is a capstone course that collaboratively explores the relationship between the core and elective psychology courses for students majoring in psychology. This course will guide the student toward developing an understanding of the relationship and application of the course work they have taken in the field of psychology. Students will write a research paper that integrates the core and elective courses relative to a common evolutionary theory thread weaving through the field of psychology and the five Marianist educational values. At the end of the course students will sit for a Psychology program Comprehensive Exam. Students will also participate in an Exit Evaluation of the Psychology program. *Prerequisites: PSY 101, 200, 315, 464 (required to be taken before entering PSY 490), plus six psychology core classes, and two psychology electives (one may be taken concurrently), and consent of the instructor.*

Religion**RE 103 World Religions (3)**

Within the context of the dialogue between Christianity and the other world religions, the student will explore the diverse historical, philosophical, and spiritual foundations from which the major religious traditions in the world have arisen. The course examines the lives of their founders, their basic teachings, and the historical development of their communities and institutions, while providing an inter-religious survey of ethics. This course fulfills the lower division Religious Studies General Education Core requirement.

RE 205 The Christian God and Human Experience (3)

Students probe the nature of human experience and religious meaning, with special attention given to experience of the Judeo-Christian God. Contemporary Catholic-Christian faith is systematically analyzed in terms of its core concepts, values and visions. This study addresses the question and critique of God in the modern world and surveys contemporary theology in a spirit that is Catholic, Christian and Ecumenical. This course fulfills the lower division Religious Studies General Education Core requirement.

RE 322 Medieval Life and Thought (3)

This course integrates the perspectives of history and religion into the study of medieval Europe (ca. 500-1500 A.D.). Students will undertake a historical overview of medieval times with a dual focus on both Church and State and their mutual influences. Consideration will be given to significant events, ideas, conditions and personalities that constitute the genesis of Europe and Christendom. Cross-listed with HI 322. This course satisfies the 300-level Religious Studies General Education Core requirement or the Interdisciplinary requirement. *Prerequisites: Any 100 or 200-level history course and any 100 or 200-level religion course.*

RE 338 Religion, Philosophy and Social Ethics (3)

Designed to give students an interdisciplinary experience in the study of social ethics from the perspectives of theology, religion and philosophy. Students will explore the theory and practice of social ethics and develop the knowledge and skills for philosophical and theological critique of ethical systems and social policy. Cross-listed with PH 338 and SO 338. This course may be used to satisfy the 300-level Religious Studies General Education Core requirement or the Interdisciplinary requirement. *Prerequisites: Any 100 or 200-level Religion course or any 100-level Philosophy course or consent of instructor.*

RE 359 India: Crossroads of Religions (3)

Throughout its history, India has been the site for the beginnings of major religious traditions and the home for imported ones as well. In the context of world religions, India serves as the fruitful ground for inter-religious dialogue as encouraged by the document *Nostra Aetate* from the Second Vatican Council. This course will explore the meaning of inter-religious dialogue in India, and how the society and history of India has shaped and been shaped by the many religious traditions within its borders. This course satisfies the 300-level Religious Studies General Education Core requirement or the Global Awareness requirement. *Prerequisite: RE 103, RE 205, or RE 211.*

Sociology

SO 338 Religion, Philosophy and Social Ethics (3)

Designed to give students an interdisciplinary experience in the study of social ethics from the perspectives of theology, religion and philosophy. Students will explore the theory and practice of social ethics and develop the knowledge and skills for philosophical and theological critique of ethical systems and social policy. Cross-listed with PH 338 and RE 338. This course may be used to satisfy the 300-level Religious Studies General Education Core requirement or the Interdisciplinary requirement. *Prerequisite: any 100 or 200-level Religion course, or any 100-level Philosophy course or consent of instructor.*

SO 491 Juvenile Deviancy and Juvenile Justice (3)

Patterns of deviancy in youths, with particular emphasis on roles and relationships of the family, school, and peer groups; theories of causation and influence of middle-class culture on deviancy. Cross-listed with CJ 491. *Prerequisite: CJ 291.*
